A Special Note to our Loyal Customers

AIDA Bistro & Wine Bar has been serving our loyal customers in Howard County for over 12 years. We strive to offer a memorable dining experience that keeps our customers coming back for more.

More recently, many of our customers asked us to offer a dynamic yet affordable menu so that they can visit us more frequently and not just for special occasions. Last fall we began down this path to offer a special discounted Happy Hour drink and food menu, from 3p to 7p each weekday. Based on your support, we have enjoyed seeing some of you for a mid-week appetizer and wine from one of our 30 different offerings on tap.

On June 19, we began another new era at AIDA Bistro by introducing a streamlined menu. The New Menu is divided into Starters, Italian Classics, Small Entrees and Large Entrees. We hope this menu is easier to read and you enjoy several menu items at a lower price. We offer an extensive gluten-free (GF) menu and have recently begun making conscious recipe changes to increase the number of GF menu items.

We also offer a Chef's Tasting Menu from Thursday thru Saturday paired with wines that changes each week. Thus far, the response has been terrific and we are encouraged by the early results.

Another major change is in process as Chef Sean Riggs has transitioned from his duties as Executive Chef and his last day was Monday, June 30th. He is taking time to explore other options as he continues his career in the culinary arts. Nina Swartz our current Sous Chef took on the day-to-day duties as Chef effective June 1 and has been the creative force behind our menu changes.

If you haven't been in recently, please stop in and experience the changes to the menu and let us know what you think. We hope you will find an enjoyable experience, fairly priced and one that we hope exceeds your expectations.

Mary & Joe Barbera
